

Lodge Notes and Fraternal Interests

Sachem Chapter to Receive Grand Officers—Fraternal Whists Held—County President Visited Hibernian Auxiliary—Pythians Report Fine Convention.

FORESTERS.

The second whist evening of the season by Court Sachem, No. 24, was successfully carried out in Foresters' hall Thursday. The committee consisted of Henry Clemens, Cornelius Kennedy, Joseph R. Portance, William Cornwall and John Shannon. There were 2 tables enjoying the game, which resulted in prizes being awarded as follows: First—William Super, 40, cut links; Second—Dona Semino, 38, a fountain pen; Mrs. J. Sullivan, 32, a book; Mrs. E. Wood, 30, a score of 11 and Mrs. E. Portance, 28, a score of 12. A cream was served.

HIBERNIANS.

One application for membership was received Sunday afternoon at the regular meeting of Division No. 1, in Hibernian hall. The committee consisted of J. Dwyer, president, and J. Dwyer, secretary. Preliminary arrangements for celebrating the 38th anniversary of the division were made by naming the committee to have charge. These are President Dwyer, Michael Fogarty and P. T. Murphy. The division has decided to have a change in its meeting time, beginning with November. Hereafter the first meeting in the month is to be held at 2 o'clock on Sunday afternoon and the second meeting will be held at 7.30 o'clock in the evening. The anniversary celebration will be an evening meeting on Sunday, Nov. 14th.

MODERN WOODMEN.

Ionie camp, No. 764, held a long and interesting session Monday evening in Foresters' hall. The committee consisted of J. Matthews, president, and J. Matthews, secretary. Two applications were received. The camp now has an open charter with four deputies in the field, showing an encouraging effect in the applications that are coming in at each meeting. The deputies are A. C. Matthews, James Purdon, Edwin Burgess and Archie Everett.

LADIES' AUXILIARY, A. O. H.

The Ladies' Auxiliary of the A. O. H. had the county president, Mrs. Anna T. Hanley of New London, as a visitor at their meeting last Monday evening in Hibernian hall. The vice president, Miss Nellie T. Collins, presided at the meeting, welcoming the county president in well chosen words. The visiting officer spoke commendably of the work of the local branch. It was decided to have a social at the next meeting of the auxiliary, which is the first Thursday in November, and also to run a dance in November. Mrs. Mary Stacey, Miss Mary Donovan and Miss Nellie T. Collins were appointed a committee on the dance to decide on the date and report at the next meeting.

ROYAL ARCANUM.

Past Grand Regent Charles Brayton, M. D., of Stonington, has sent word to Norwich council, No. 720, that he is to visit them at their meeting next Tuesday evening, and is expecting a large turnout of the members to give him a hearty greeting. Dr. Brayton is well known to the Norwich members and will no doubt have out a goodly number to give him a cordial welcome. The grand lodge decided at its fall meeting to send some of its members around on visiting tours to all the councils of the state during the fall and winter. This is what brings Dr. Brayton here at the present time.

EAGLES.

The state field day committee of New London acie, No. 594, met last Tuesday night. Secretary Secretary P. J. Conlon of New Haven was not able to present the committee adjourned its meeting for one week. It is hoped at that time the state secretary will be present and go over plans for the state acie's visit to New London next August.

REBEKAHS.

Hope Rebekah lodge, No. 21, made a successful opening of its social season with a whist Wednesday evening in Odd Fellows' hall, when seventeen tables played. The awards of the pretty prizes were as follows: First—Miss Mowen, 47, a pair of cuff buttons; Second—Mrs. Polsten, 47, a bureau scarf; William Harple, 42, a necktie. It was a peculiar coincidence that three of the high scores were the same, 47, and the two women had to cut to determine the winner. Coffee and cake were served under the direction of the committee, which is Mrs. Elizabeth Smith (chairman), Mrs. Lena R. Christman, Mrs. Hattie Parsons, E. B. Worthington and Frank Q. Smith.

Next Wednesday evening, by invitation of the recording secretary, Mrs. Ada Revell, the members are to enjoy a social afternoon and evening at her home, No. 58 Baltic street.

ODD FELLOWS.

The meeting of Palmyra Encampment, No. 2, next Thursday evening in Odd Fellows' hall has a programme for the evening. The programme is for the work on three candidates in the third degree and a turkey supper to follow. The attendance is expected to be large. The officers and entertainment committee are aiming to get out a large proportion of the membership.

The annual session of the grand encampment was held last Tuesday in Hartford and was attended by Ashley T. Boon, representing Palmyra encampment, of which he is deputy as well as the encampments in New London and Mystic. There were about 250 delegates present, representing the subordinate encampments, and with members of the grand encampment of Ontario, N. Y., New Jersey and Massachusetts present as visitors.

Grand Patriarch E. Beneish Pratt of Chester presided. In his report the grand patriarch said, in part: "Eleven encampments having initiated ten or more patriarchs from July 1, 1908, to July 1, 1909, are entitled to have their names on the roll of honor. Apantawac encampment, No. 20, led the list by initiating 30."

Grand Scribe Hudson concluded his annual report as follows: "Representatives I trust that though the report for the six months submitted to you shows a very small loss, you will not think the interest in Patriarchal Odd Fellowship is waning in the good old state of Connecticut. It is true that the roll of honor for the six months ending Dec. 31, 1908, shows a loss, but for the year 1909 we show a gain of 102 and the subordinate lodge membership shows a splendid gain for the term ending June 30, 1909. Don't let us lose sight of our purpose to see 50 per cent. of the subordinate lodge membership of this good old state enrolled as members of the Patriarchal family. It may take some time to accomplish this, but we shall not rest until we have the great lessons of Patriarchal Odd Fellowship to the attention of our brothers in the subordinate lodges, we must and will succeed."

Grand Treasurer William J. Berges presented his report. The receipts were \$12,371.31 and the disbursements \$15,344.06, leaving the balance to date \$3,024.45.

WOMAN'S RELIEF CORPS. Two future events were the principal topics of discussion Friday afternoon at the regular meeting of Sedgewick corps, No. 18, at the Buckingham Memorial. The first was a food sale

to be held next week, and the other the reception to the department officers, which is to take place in three weeks. Both will be of much interest to the women of the corps.

ORDER OF PROTECTION.

A short meeting of Thames lodge, No. 228, was held Tuesday evening in Foresters' hall. In addition to routine business, plans were discussed for the children's night which is to be held at the next meeting, when the little ones of all sizes and ages in the members' families are promised a grand and glorious evening. It was suggested that those not having children in their families might borrow a few from the neighbors. Several new members were added to the committee to carry out the ideas for the evening.

EASTERN STAR.

For the annual visitation of the grand officers to Sachem chapter, No. 57, at their meeting next Wednesday evening at the Buckingham Memorial is the state officer who has sent word that they are coming and there are four more yet to be heard from. Those now expected are: Grand Matron Mrs. Ada E. Davis, Collinsville; Associate Grand Patron James Simpson, Hartford; Grand Adah Mrs. Fannie Y. Gardner, Milford; Grand Father, Mrs. Mary Kenyon, Putnam; Grand Chaplain Mrs. Bertha L. Gallup, Moosup; Grand Marshal Mrs. Hattie Hordford, Collinsville.

The committees of the local chapter have their plans completed for the evening to make this date a notable one in the chapter year.

LADIES' CATHOLIC BENEVOLENT ASSOCIATION.

The regular business meeting of St. Rose branch, No. 1078, held Friday evening at the home of Mrs. J. E. Rose, was a most interesting affair. A session of much interest for the good number attending. The president, Mrs. Theresa B. Shahan, was in the chair. So good a report of their last whist was presented by the committee in charge that another was decided upon to be held on the evening of November 12. The committee named to have it in charge was Mrs. R. M. Powers, Mrs. D. T. Shea, Mrs. J. R. McNamara, Mrs. Lawrence Elley, Miss E. Enright and Miss May Burns. There are two new members to be received at the next meeting and more to report on so that St. Rose branch seems due for a good increase in membership.

ORDER OF VASA.

The regular meeting of Lodge Oscar, No. 30, was held Friday evening in Foresters' hall, having two candidates for initiation, and President Valentine Pearson was in the chair. Brother Fritz Hof Bjorn of Fitchburg, Mass., was a visitor and spoke entertainingly for the good of the order. Next Wednesday at Bridgeport the lodge will be represented by Andrew Swanberg at the annual meeting of the grand lodge. Lodge Oscar is arranging to hold its annual dance and social on Thanksgiving eve.

KNIGHTS OF PYTHIAS.

Gardner lodge, No. 45, held a well-attended meeting Friday evening in Eagles' hall. P. C. C. Carl Greiner and P. C. G. Alfred Hunt, who reported on the lodge last Tuesday at the annual meeting of the grand lodge in New London, presented their reports, showing that the New London brothers did themselves proud in taking care of the convention and the session was one of the best and most enjoyable in some time.

Connecticut Patents.

The list of patents granted by the United States patent office to citizens of Connecticut during the week ending October 22, 1909, follows: B. E. Baker, Hartford, static induction motor; P. J. E. Bator, Bridgeport, sewing machine lubricating device; C. Cuno, Meriden, terminal connector construction; J. A. Irving, Bridgeport, to-bacco holder; H. W. Jones, Hartford, puzzle; W. J. Neill, New Britain, level; J. Peterlin, New Haven, marine reversing gear; C. A. Plummer, Hartford, puzzle for attaching insulating linings; A. J. Rasanen, New Haven, sharpener; E. R. Seifert, Hartford, device for fastening wire in the wire knob; F. E. Vandercreek, Waterbury, rotary wire straightener; H. G. Volght, New Britain, sack lock. Donald C. H. Berry, Shelton, back for mirrors, brushes and similar toilet articles; two patents. Trademarks: Yale & Towne Mfg. Co., Stamford, locks.

WORK OF ELECTRICITY.

What is Being Accomplished by Steel Company at Bridgeport.

The Bridgeport Standard says of work which is being done in that city: "Considerable interest has been taken for the past few days in the four electric cars that have been at work on Main street and on Congress street, welding the new rails. It is a large work, being done by a steel company of Johnston, Pa., which is doing the work for the Connecticut Railway & Lighting Co. at New Haven."

The process is not new, as it has been done for many years on railways for some time, having found it successful. It means a saving of current, which also means better service. It is a new means of saving current, which has given the company in this city considerable trouble. The rails in this city have been joined together by the use of fish plates, which are bolted to each rail with a dozen or so of six-inch bolts. When the rails expand or contract, as they will by the different changes of weather, these bolts become loose and a great amount of current escapes, and is wasted. Some of the rails have become practically useless through short circuits. The ends of the rails become worn and the cars are jolted when they pass over these places.

There are four cars used in doing the work, a sand-blast, a welding, a dynamo and a water pump. It takes a crew of ten men to operate them and there has been a night and day shift so as to run the work. First, a large hole is cut in the end of the rail, the sand-blast car is then run upon the spot and the two rails are cleaned off with a power blast. Then the dynamo is run, and the large horseshoes, which are adjusted so as to clamp a plat of steel three inches wide by six inches long, are placed on either side of the rail, the two steel plates covering the ends of each rail. When the rails are in perfect position the current of 30,000 amperes and 5 volts is turned from the dynamo car. This is held in position until the ends of steel and the rails come to a welding heat.

Washington, Geo. Herman O. Averill, the cattle commissioner, observed the old road going through the square of his marriage.

WANTED More Mohican Customers

WE DON'T LOOK FOR ANY TROUBLE GETTING THEM WITH THE LIST OF INDUCEMENTS WE OFFER BELOW
